NANUET HISTORY

Nanuet is a hamlet located just 20 miles North of Manhattan. Named one of the 100 Best Places to Live by Money magazine in 2007 and located in the town of Clarkstown, voted #7 in the top 10 places to live in 2014, Nanuet offers many shopping, dining and recreational opportunities.

The name Nanuet is believed to have come from Nannawitt's Meadow, now the site of the Shops at Nanuet and named after a Kaskiat Indian who settled here. Nanuet took on its current name in 1856. Back in the early days, visitors came to Nanuet to pan for gold along the Naurauschaun Brook and current visitors can search for fossils and Indian arrowheads.

Clarkstown was a predominately agrarian township for most of its early history. Goods were sailed down the Hudson to be brought to market in New York City. Grist and sawmills were common throughout the area and quarries were located near New City.

as early as 1788 and in Upper Nyack in the early 1800s. One of Clarkstown's most important early exports was ice cut from Rockland Lake by the Knickerbocker Ice Company, the largest ice company in New York.

Clarkstown's early roads and railways, like later transportation infrastructure and today's modern Mario M. Cuomo Bridge, played an important part in the Town's development and continues to this day. The Nyack Turnpike, which connected Suffern to the port in Nyack on the Hudson River, was completed in 1828. This important route spurred early development in the area now known as West Nyack. Nanuet can attribute its growth to the advent of the Erie Railroad about 1841 and today offers rail service to Manhattan via the New Jersey Transit Pascack Valley Line.

Nanuet has a diverse population made up of newcomers as well as families who have lived in the bucolic Hamlet for generations.

TOWN OF CLARKSTOWN NEW YORK

The dynamic Town of Clarkstown is home to 87,000 residents, with the hamlet of New City serving as the seat of Rockland County. From its bustling commercial corridors, charming hamlet centers, state of the art parks and 205 acres of open space, Clarkstown has it all for families and businesses to thrive.

Clarkstown is the economic engine of Rockland County, accounting for 60% of the commercial real estate in the entire county. The two major malls that call Clarkstown home account for at least 25% of the total sales tax collected countywide. When you include small business along Route 303 and Route 304 corridors, and Routes 59 and 9W, the economic activity generated town wide accounts for nearly \$44 million in real estate taxes for the Town and its school districts.

Clarkstown has taken concrete steps in ensuring that it continues to check the pulse of and adapt to emerging trends that can be used to lure new businesses while retaining existing ones and encouraging their expansion and growth. An example of this was the establishment of the Clarkstown Business & Economic Development Advisory Committee. The committee is an extension of the Town's longstanding tradition of partnering with businesses of all sizes and with local chambers of commerce who support and promote their communities in the town.

The Town is also on the right track in creating a vibrant, mixed-use development with its Nanuet Transit Oriented Development. The Nanuet TOD development will provide a mix of commercial and residential uses centered on access to rail built around a pedestrian friendly neighborhood that will attract seniors and millennials alike.

Clarkstown is regularly ranked on the '100 Best Places to Live' list by CNN's Money Magazine and is consistently rated among the top ten safest communities in the nation. Clarkstown is a forward thinking, business friendly community and the Town is consistently renewing its efforts to ensure it remains so.
